

Snow arena

The first year-round winter entertainment complex in the Baltic States. Three ski slopes for mountain skiing and snowboarding are designed on an 8-hectare area. At your service: two covered ski slopes operating all year round; an outdoor track opened when outdoor temperature falls below -5 °C; snowboard park; equipment and clothing rental and maintenance points; DruSkiSchool ski school; DruFunPark children's entertainment park; terrace with panoramic views and more.

Aquapark

In the water entertainment park, visitors will enjoy a tower with 6 open and closed downhill courses and the pool area under the impressive dome, where you can admire the panorama of the Nemunas River. For those loving her extreme, testing the longest, 212 meters, downhill, competing with the waves in the sea-wave pool and in a torrentous river, can then proceed to the recreation area, massage baths, water cascades or maybe immerse into the pleasures of the sauna zone. A unique sauna zone with as many as twenty different saunas awaits everyone who is tired of work and routine.

Boat trip to Liškiava

In Liškiava, you will visit the sacral architecture ensemble, St. Trinity Church, and the liturgical exhibition under the vaults of the church. You will see a hillfort, an ancient altar, a mythological stone with a bull's footprint, and admire the magnificent scenery along the way. The ship can be rented outside of the excursion hours for personal celebrations and other events. The ship accommodates 85 people on board.

Druskininkai city museum

Musical Fountain

Park

K. Dineika Health Park

The wellness oasis welcomes its visitors every day from 6.00 to 23.00. The park boasts rich history and tradition, and invites visitors to try the revived unique old procedures: walking on dosed hiking trails, bathing in swimming in cascading baths and sauna, enjoying ionotherapy, and foot massage in acupressure pool.

Rope trail

A year-round cableway in Druskininkai is the only of this type in Lithuania. It is one of the most ecological modes of transport that does not pollute the environment and is a great entertainment for both children and adults. Four gondolas with a capacity of ten passengers will take you from the cableway stop (near Druskininkai water park) to the other side of the Nemunas (to the Snow Arena of winter entertainment) in just 7.5 minutes, at a height of 45 meters. During the journey, through transparent windows of the cabin, as if from the observation circle, you will see: impressive forests of Druskininkai resort, meanders of the Nemunas River and wonderful town skyline.

Vilkė golf course

18-hole golf course corresponding to international standards in Kamorūnai village near Leipalingis, 19 km from Druskininkai. The name of the golf course was dictated by nature itself – the Vilkė stream flowing through the middle of the course. Part of the course is surrounded by forest. It is the first Scottish style golf course in Lithuania. In terms of the game, this is a fairly difficult course. The Vilkė Golf Club employs professional golf coaches to help beginner golfers acquire the basic knowledge and learn how to play golf, and for those who are already playing, to improve their skills.

Adventure park

You can choose the trails on the park trees depending on your height, the complexity of the track and the level of emotions – from light exercise to adrenaline shots over the Nemunas. On each track you will find quick-descend ropes, which means, no matter what you choose, you have a chance of fun flying. There are 160 provoking competitions and as many as 13 attractions awaiting you on the territory of 3 hectares among trees. – 5 trails for adults; 4 jumps across the Nemunas; double tier racing track; jump – swing from 21 m high.

Excursion train

As an alternative to cycling trips, the sightseeing train will take you during the season along Druskininkai parks and bicycle trails to the most beautiful points of the resort. The routes are far away from the noise of the main streets of the town, so travellers can admire the wonderful nature of the resort and the well-maintained environment. The service is particularly appealing to families with young children as the train is moving at a safe speed of 20 km per hour.
